

WAYNE STATE UNIVERSITY

How Do I Apply for Tuition Benefits?

- A separate application form must be submitted to TCW for EACH term
- If there is a change in courses and/or credits, a new application form (marked "REVISED") must be submitted.
- If you drop all courses, a new application form (marked "REVISED") must be submitted showing zero (0) courses/credits and clearly marked "all courses dropped".
- EACH application should show ALL the credits/courses for which you are requesting benefits, not just the change.
- The last day for submitting the application is the date the term ends for the term for which benefits are requested. In no case will an application be processed if it is received by TCW more than 12 months after the end of the term.
